

# THE CLIPPER ADVENTURER

The 118-passenger *Clipper Adventurer*, among the very few vessels in the world specifically constructed for expedition voyages to the far reaches of this remote land. She has advanced communications and navigation equipment, and newly installed, state-of-the-art Sperry Gyrofin stabilizers.

With \$13 million in renovations, the *Clipper Adventurer* is a handsome expedition vessel, done in the style of great ocean liners when ships were ships. With lots of varnished wood, brass, and wooden decks, the ship has all new outside cabins, and private facilities. There is a Main Lounge, bar, Clipper Club, library/card room, gymnasium, sauna, gift shop, and beauty salon. Meals include International and Continental cuisine. The ship has a fleet of 10 Zodiacs and a special loading platform. An ice class rating of A-1 allows the *Clipper Adventurer* to go to places larger cruise ships can only dream of, and she does it in comfort and style unsurpassed by other vessels her size.

## Technical Specifications:

Registry	Bahamas	Beam	16.5m (54 ft)
